# Exemption Certificate for Local Heritage Places Application

Use this form to apply for an Exemption Certificate under section 72 of the *Queensland Heritage Act 1992* (the Act) for development on a Local Heritage Place (which is a place entered in a local government's heritage register or identified as being of local heritage significance in the relevant local planning instrument (i.e. planning scheme)).

An Exemption Certificate may only be issued under limited circumstances and for development at a Local Heritage Place that:

- will have no more than a minimal detrimental impact on the cultural heritage significance of the place, or
- is permitted under a heritage agreement.

Before completing the relevant sections of this form, the following must be understood:

- an Exemption Certificate cannot be issued for a Local Heritage Place that is also a Queensland Heritage Place (which is a place entered in the Queensland Heritage Register under the *Queensland Heritage Act 1992*). Council may request further information if required to make a decision.
- After your application is submitted, Council may issue a 'Further Advice' letter requesting more information or details be provided in order for a decision to be made regarding the exemption certificate.
- A refusal from Council to issue a requested Exemption Certificate does not necessarily mean the proposed development is not supported. This means that the request has not met the relevant requirements of the Act and therefore, the proposal must be lodged as an application for assessable development against the relevant local planning instrument.
- Fees apply and must be paid prior to Council considering your application.

## 3.0 PROPOSED DEVELOPMENT

### 3.1 Description of Proposed Development

The proposed development involves the establishment of a new museum and soda bar within the existing heritage building at 73 Gill Street, Charters Towers. Specific detail of the proposed development is provided below.

#### Purpose of Development

The purpose of the development is to repurpose and activate the Northern Miner Building, which is a local heritage building. The activation will comprise of two aspects, being a new Community Use (museum) and a Food and Drink Outlet (soda bar). The development is designed to celebrate the Northern Miner Building, both in architecture and history. The building, as it is seen today, was constructed in 1903 for the purpose of publishing and printing *The Northern Miner* newspaper, which ran for 148 years from 1874 to 2020. The proposed museum will allow visitors to view memorabilia within a restored western front room, as well as historic printing equipment in the double-height workroom. The second component of the development will be the establishment of a soda bar and kitchen on the eastern side of the building. This replaces the existing kitchenette and office, which was a later addition. The new Soda Bar will be operated by local company Whitbreads', who are a long running institution and have operated in Charters Towers since 1896.

The proposed development will activate the frontage of the Northern Miner Building to Gill Street, and form an attractive, sympathetic and interesting new activity within Charters Towers.

#### Design Overview

Internal building work has been designed to reveal and celebrate the heritage features of the building, as well as its rich history in print news publishing. The existing front reception, office and staff room which were added within the building will be removed, including suspended ceilings and some stud and plaster walls, to reveal the original scale of the building, including views of original timber trusses and clerestory roof. Within the soda bar room, tiling will be replaced by sympathetic timber flooring, which aligns with the character features of the building. Regarding the museum room, 12 timber and glass decorative panels will be reinstated, providing views out to printing equipment. The existing timber flooring in this room and foyer will be retained. It is noted that the development will reveal the full height of front windows and allow light in, rather than being concealed by suspended ceilings. The rear bathroom will be renovated, and some minor access features will be provided, as metal handrails and steps.

---

### **Operational Overview**

The proposed soda bar will initially operate around three to four days per week and increase as demand allows. The use will operate during standard business hours, servicing demand within the town centre.

### **Access and Parking**

Staff parking and deliveries relating to the new use will be via an access easement to Ryan Street, burdening Lot 1 on RP725933. Delivery frequency or intensity are not expected to be outside of that expected by the centre zone, or by the site. It is noted the Whitbreads' manufacturing facility is located approximately 500 m to the north.

### **Water and Sewer**

The development will not involve any changes to existing water and sewerage connection, with the existing servicing adequate to meet the demand of the proposed new use.

### **Stormwater**

The proposed development will not make any external changes and will not alter the stormwater regime of the site.

### **Electricity and Communications**

The property will retain existing electrical and communication connections that service the site.

### **Landscaping**

The proposed development will not introduce any additional landscaping, given no external building work is being undertaken, as well as the nature of the building being built to boundary.

## **3.2 Development Plans**

The proposed development is detailed in the plans provided at **Appendix 4** and listed below.

<b>Title</b>	<b>Number</b>	<b>Issue</b>	<b>Date</b>

### **3.3 Prelodgement Meeting**

The proposed development was the subject of a prelodgement meeting between Charters Towers Regional Council (Council) and the Applicant in September 2025. Council were noted as being generally supportive of the proposed development given sufficient demonstration to relevant planning scheme codes are made, and recommended that a heritage exemption certificate be lodged concurrently with Council.

## 4.0 ASSESSMENT FRAMEWORK

### 4.1 Planning Act 2016

The *Planning Act 2016* (the Act) provides the framework for Queensland's planning system and coordinates local, regional, and State planning. The Act allows for the establishment and is supported by subordinate planning legislation and instruments such as planning schemes. The provisions of the Act are therefore applicable to the proposed development.

### 4.2 Planning Regulation 2017

The *Planning Regulation 2017* (the Regulation) is established under the Act and provides support to the Act by detailing how it functions at a practical level. The Regulation determines the Assessment Manager and Referral Agencies relevant to assessable development, and relevant State interests through the State Planning Policy (SPP) and State Development Assessment Provisions (SDAP). The provisions of the Regulation are therefore applicable to the proposed development.

## 5.0 ASSESSMENT MANAGER CONSIDERATIONS

### 5.1 State Planning Policy

The *State Planning Policy* (the SPP) is a State planning instrument established under the Act and is designed to ensure the State's interests in planning are protected and delivered as part of local government planning across Queensland. Local government use the SPP when making or amending its planning scheme. Local government will also assess aspects of development applications using the SPP if their local planning scheme has not integrated certain State interests.

In accordance with Section 2.1 – State Planning Policy (SPP) of the planning scheme, the Minister has identified that all relevant State interests as outlined in the SPP dated July 2017 have been integrated into the planning scheme.

For the purpose of the proposed development, we consider that assessment against the provisions of the SPP is not required, and all relevant matters will be dealt with under the provisions of the planning scheme.

### 5.2 Regional Plan

Regional plans are State planning instruments established under the Act, and set the long term strategic direction for how regions grow and respond to change. Regional plans are designed to facilitate economic growth, development, liveable communities, and the protection of natural resources. Regional plans seek to balance the State interests identified by the SPP in the context of the particular region they apply to.

The *North Queensland Regional Plan* (the Regional Plan) applies to the local government areas of Townsville City, Hinchinbrook Shire, Burdekin Shire, Charters Towers Regional, and Palm Island Aboriginal Shire. The Regional Plan was implemented in March 2020, and seeks to capitalise on the growth, prosperity, and diversity of the region by supporting a vibrant economy, generating jobs, improving business investment, protecting our natural environment, and encouraging tourism and lifestyle opportunities over the next 25 years.

The proposed development is considered to align with the goals outlined in the Regional Plan. In particular, the proposed development will further Goal 1 – A leading economy in regional Australia, and Goal 3 – Liveable, sustainable and resilient communities that promote living in the tropics.

### **5.3 Planning Scheme Purpose and Overall Outcomes**

The proposed development is considered to further the purpose and overall outcomes sought by the relevant planning scheme codes by demonstrating compliance with the relevant performance and accepted outcomes.

## 5.4 Planning Scheme Assessment Matrix

The assessment matrix below summarises the outcome of an assessment of the proposed development against the relevant performance and accepted outcomes of the applicable Assessment Manager assessment benchmarks. The assessment matrix identifies the level of compliance of the proposed development in accordance with the legend below.

## 5.5 Planning Scheme Detailed Assessment

### Centre Zone Code

#### PO8

No acceptable outcome is nominated.

Buildings are designed to:

- (a) overlook the external street network by having buildings built up to the street alignments and providing active building frontages to public streets and spaces;
- (b) respect and complement the existing historic building character of the area;
- (c) maintain an appropriate human scale;
- (d) minimise the use of highly reflective materials; and
- (e) respond to climatic conditions.

#### Complies with PO8

In terms of building work, the development involves no external development works and will only involve minor internal building work. The proposed changes will remove both non-heritage and non-complementary features of the building, such as suspended ceilings and the modern offices, and add in respectful, minimal and new building work (refer **Appendix 4**). The development is designed to repurpose the building with uses that directly relate to viewing, learning and appreciating the heritage value of the building, including its history in print publishing.

The proposed development complies with PO8.

#### PO13

No acceptable outcome is nominated.

Buildings and pedestrian entries:

- (a) are visible and accessible from the main street and car parking areas;
- (b) incorporate well designed and functional sun and rain shelter, such as overhangs or awnings; and
- (c) are defined by design elements (such as recessing of doors and landscaping).

#### Complies with PO13

The facade of the Northern Miner Building is an important feature of Gill Street and is a key heritage feature of Charters Towers. The proposed development will retain existing external entry points at the rear and frontage, without the addition of shelters, awnings or landscaping. This is designed to protect the historic facade and ensure the building can be viewed from the street.

The proposed development complies with PO13.

**PO20**

Development minimises impacts on surrounding land and provides for an appropriate level of amenity within the centre, having regard to:

- (a) noise;
- (b) hours of operation;
- (c) traffic;
- (d) visual impact;
- (e) signage;
- (f) odour and emissions;
- (g) lighting;
- (h) access to sunlight;
- (i) privacy; and
- (j) outlook.

Editor's note—Applicants may be required to engage specialists to provide detailed investigations into the above matters in order to demonstrate compliance with this performance criterion.

No acceptable outcome is nominated.

**Complies with PO20**

The proposed development involves new uses which are designed to be of a very low scale in terms of intensity. The uses comprise of a soda bar, which involves a seating and 'bar' area, and a museum. The proposal is designed to celebrate the history of the Northern Miner Building with uses complementary to both enjoying the building and learning its history. Operating hours are consistent with the Centre Zone, being standard business hours. Given no external building work is being undertaken and the building is built to three boundaries, no changes to sunlight, privacy, outlook, or visual impact are made.

The proposed development complies with PO20.

**Development Works Code**

**PO8**

Development includes the provision of adequate and convenient car parking on site to satisfy the anticipated requirements of the land use or activity.

**A08**

Car parking is provided in accordance with Table 8.3.1.3(b)—Car parking requirements.

**Complies with A08**

The proposed development will require approximately seven parking spaces as per the requirements under Table 8.3.1.3(b). It is noted that all employee parking, of which only relates to the Soda Bar, can be accommodated within the rear gravel carpark. This is considered efficient

given the size of this parking and manoeuvring area (approximately 650 m<sup>2</sup>), and the low intensity of operation and staff on site at any given time. In terms of customers, the proposed development is designed to respond to the Gill Street interface, which has a strong and traditional form (built to boundary), and is serviced largely by on-street parking and pedestrian activity. This is considered appropriate to remain, with the frontage being the primary entrance for customers. Considering the above, AO8 is considered met.

**PO13**

Pedestrian access to buildings:

- (a) do not obstruct pedestrian movement (or form physical clutter) on public footpaths;
- (b) are not visually overbearing (or form visual clutter) in the streetscape; and
- (c) provide safe, efficient and convenient access including wheelchair access.

**AO13**

Steps, escalators, ramps and lifts are:

- (a) located wholly within the site; and
- (b) setback a minimum of 1.5m from the front boundary.

**Complies with AO13**

It is noted that pedestrian access to the building will occur primary from the frontage, which consists of two shallow steps. The historic building is built to the front boundary, and so is not setback, however this is consistent with the streetscape. Given the heritage nature of the building, no changes to the built form of the entry are being proposed, with no entry alternatives, such as a ramp, being proposed or considered viable. In terms of wheelchair access, the building does feature an internal ramp to the soda bar, and allows for access into viewing areas, however non-stair access is only achieved from the rear.

Considering the above, AO13 is considered to be complied with.

**Landscaping Code****PO1**

Landscape design of both public and private spaces:

- (a) compliments the intended character of the streetscape and zone;
- (b) is functional and designed to be visually appealing in the long-term; and
- (c) incorporates plant types appropriate for the region and local climate.

No acceptable outcome is nominated.

**Complies with PO1**

It is noted that no landscaping is being proposed, as the development involves no external building work and retains the rear manoeuvring area. Given the Northern Miner Building is built to boundary, there is no provision for landscaping.

PO1 is considered met.

**PO7**

Open air car parking areas are provided with suitable levels of shade.

**A07.1**

Shade trees are located at the rate of one tree per 6 car spaces.

**A07.2**

Wheel stops are provided to protect vegetation.

**Complies with PO7**

The development does not propose any trees within the rear carpark. This is to allow for the flexibility of vehicle movement and parking. For the intensity of the proposed uses, which is low, and retained the existing arrangement is considered appropriate.

PO7 is considered met.

**Heritage Overlay Code**

**PO2**

Any demolition must:

- (a) not result in the loss of the cultural heritage significance of the heritage place; or
- (b) demonstrate the building or structure to be demolished is not capable of structural repair and represents a safety hazard; or
- (c) ensure that part of the local heritage place is not of cultural heritage significance.

No acceptable outcome is nominated.

**Complies with PO2**

The development will involve the removal of non-heritage features, being the front office, to essentially reveal the existing character features and internal scale, which have been hidden in previous building work. The proposed museum and soda bar both relies on, and has been designed in response to, the heritage features and history of the Northern Miner Building. The proposal is a unique development which is shaped by the heritage of the building. It is noted that:

- original fixed-glass windows in the museum viewing area will be reinstated;
- the pressed metal ceiling will be retained;
- original timber floors will be retained;
- new timber floors will replace carpet/tiles of the previous office rooms, in the proposed soda bar;
- stud and plasterboard walls will be removed;
- suspended ceilings will be removed; and
- new or altered walls will be cladded to match the heritage fabric.

The development is sympathetically designed to reveal and celebrate the history of the Northern Miner Building, of which represents a rich cultural history to Charters Towers, and will allow residents and visitors to reflect on this, whilst supporting an equally celebrated local operator in Whitbread's.

Considering the above, PO2 is considered met.

**PO6**

Building work incorporates design elements which are compatible with the values of the heritage place in terms of:

- (a) architectural features;
- (b) external materials; and
- (c) finishes and colours.

No acceptable outcome is nominated.

**Complies with PO6**

Any new building work is designed to remain compatible with heritage features. Whilst much of the building work involves removing non-heritage features, such as the former office. The only new elements will be a new wall to separate the foyer from the rear storage and printing press display, which will feature complementary cladding, and the soda bar, which will be set where the previous kitchenette and office was.

Considering the above, PO6 is considered met.

## 6.0 CONCLUSION

### 6.1 Assessment Summary

The assessment of the proposed development against the relevant assessment benchmarks detailed in this development application supports a recommendation for approval based on the following reasons:

- the proposed development complies with the relevant assessment benchmarks; and
- compliance with the relevant assessment benchmarks can be managed through reasonable and relevant conditions.

### 6.2 Recommended Conditions of Approval

Given the above facts and circumstances presented in this development application, we recommend that Council **approve** the proposed development subject to the following reasonable and relevant conditions that are considered specifically relevant to the proposed development.

#### Condition 1 – Approved Plans and Supporting Documentation

- (a) The development must generally comply with the plan(s) referenced in the table below and attached as stamped "Approved Subject to Conditions" which forms part of this approval, unless otherwise specified by any condition of this approval.

# DA Form 1 – Development application details

Approved form (version 1.6 effective 2 August 2024) made under section 282 of the Planning Act 2016.

This form **must** be used to make a development application **involving code assessment or impact assessment**, except when applying for development involving only building work.

For a development application involving **building work only**, use *DA Form 2 – Building work details*.

For a development application involving **building work associated with any other type of assessable development (i.e. material change of use, operational work or reconfiguring a lot)**, use this form (*DA Form 1*) and parts 4 to 6 of *DA Form 2 – Building work details*.

Unless stated otherwise, all parts of this form **must** be completed in full and all required supporting information **must** accompany the development application.

One or more additional pages may be attached as a schedule to this development application if there is insufficient space on the form to include all the necessary information.

This form and any other form relevant to the development application must be used to make a development application relating to strategic port land and Brisbane core port land under the *Transport Infrastructure Act 1994*, and airport land under the *Airport Assets (Restructuring and Disposal) Act 2008*. For the purpose of assessing a development application relating to strategic port land and Brisbane core port land, any reference to a planning scheme is taken to mean a land use plan for the strategic port land, Brisbane port land use plan for Brisbane core port land, or a land use plan for airport land.

**Note:** All terms used in this form have the meaning given under the *Planning Act 2016*, the *Planning Regulation 2017*, or the *Development Assessment Rules (DA Rules)*.

**5) Are there any existing easements over the premises?**

*Note: Easement uses vary throughout Queensland and are to be identified correctly and accurately. For further information on easements and how they may affect the proposed development, see [DA Forms Guide](#).*

- Yes – All easement locations, types and dimensions are included in plans submitted with this development application
- No

## PART 3 – DEVELOPMENT DETAILS

### Section 1 – Aspects of development

**6.1) Provide details about the first development aspect**

a) What is the type of development? *(tick only one box)*

- Material change of use     Reconfiguring a lot     Operational work     Building work

b) What is the approval type? *(tick only one box)*

- Development permit     Preliminary approval     Preliminary approval that includes a variation approval

c) What is the level of assessment?

- Code assessment     Impact assessment *(requires public notification)*

d) Provide a brief description of the proposal *(e.g. 6 unit apartment building defined as multi-unit dwelling, reconfiguration of 1 lot into 3 lots):*

Community Use (Museum) and Food and Drink Outlet (Soda bar).

e) Relevant plans

**Note:** *Relevant plans are required to be submitted for all aspects of this development application. For further information, see [DA Forms guide: Relevant plans](#).*

- Relevant plans of the proposed development are attached to the development application

**6.2) Provide details about the second development aspect**

a) What is the type of development? *(tick only one box)*

- Material change of use     Reconfiguring a lot     Operational work     Building work

b) What is the approval type? *(tick only one box)*

- Development permit     Preliminary approval     Preliminary approval that includes a variation approval

c) What is the level of assessment?

- Code assessment     Impact assessment *(requires public notification)*

d) Provide a brief description of the proposal *(e.g. 6 unit apartment building defined as multi-unit dwelling, reconfiguration of 1 lot into 3 lots):*

e) Relevant plans

**Note:** *Relevant plans are required to be submitted for all aspects of this development application. For further information, see [DA Forms Guide: Relevant plans](#).*

- Relevant plans of the proposed development are attached to the development application

**6.3) Additional aspects of development**

- Additional aspects of development are relevant to this development application and the details for these aspects that would be required under Part 3 Section 1 of this form have been attached to this development application
- Not required

**6.4) Is the application for State facilitated development?**

- Yes - Has a notice of declaration been given by the Minister?
- No

**Section 2 – Further development details****7) Does the proposed development application involve any of the following?**

- |                        |   |
|------------------------|---|
| Material change of use | <input checked="" type="checkbox"/> Yes – complete division 1 if assessable against a local planning instrument |

**Division 1 – Material change of use**

**Note:** This division is only required to be completed if any part of the development application involves a material change of use assessable against a local planning instrument.

**8.1) Describe the proposed material change of use**

Provide a general description of the proposed use	Provide the planning scheme definition <i>(include each definition in a new row)</i>	Number of dwelling units <i>(if applicable)</i>	Gross floor area (m <sup>2</sup> ) <i>(if applicable)</i>
Museum	Community Use		
Soda Bar	Food and Drink Outlet		

**8.2) Does the proposed use involve the use of existing buildings on the premises?**

- Yes
- No

**8.3) Does the proposed development relate to temporary accepted development under the Planning Regulation?**

- Yes – provide details below or include details in a schedule to this development application
- No

Provide a general description of the temporary accepted development	Specify the stated period dates under the Planning Regulation

**Division 2 – Reconfiguring a lot**

**Note:** This division is only required to be completed if any part of the development application involves reconfiguring a lot.

**9.1) What is the total number of existing lots making up the premises?**

--

**9.2) What is the nature of the lot reconfiguration? *(tick all applicable boxes)***

- |  |   |

14.3) What is the monetary value of the proposed operational work? (include GST, materials and labour)

\$

## PART 4 – ASSESSMENT MANAGER DETAILS

15) Identify the assessment manager(s) who will be assessing this development application

Charters Towers Regional Council

16) Has the local government agreed to apply a superseded planning scheme for this development application?

- Yes – a copy of the decision notice is attached to this development application
- The local government is taken to have agreed to the superseded planning scheme request – relevant documents attached
- No

## PART 5 – REFERRAL DETAILS

17) Does this development application include any aspects that have any referral requirements?

**Note:** A development application will require referral if prescribed by the Planning Regulation 2017.

- No, there are no referral requirements relevant to any development aspects identified in this development application – proceed to Part 6

Matters requiring referral to the **Chief Executive of the Planning Act 2016:**

- Clearing native vegetation
- Contaminated land (*unexploded ordnance*)
- Environmentally relevant activities (ERA) (*only if the ERA has not been devolved to a local government*)
- Fisheries – aquaculture
- Fisheries – declared fish habitat area
- Fisheries – marine plants
- Fisheries – waterway barrier works
- Hazardous chemical facilities
- Heritage places – Queensland heritage place (*on or near a Queensland heritage place*)
- Infrastructure-related referrals – designated premises
- Infrastructure-related referrals – state transport infrastructure
- Infrastructure-related referrals – State transport corridor and future State transport corridor
- Infrastructure-related referrals – State-controlled transport tunnels and future state-controlled transport tunnels
- Infrastructure-related referrals – near a state-controlled road intersection
- Koala habitat in SEQ region – interfering with koala habitat in koala habitat areas outside koala priority areas
- Koala habitat in SEQ region – key resource areas
- Ports – Brisbane core port land – near a State transport corridor or future State transport corridor
- Ports – Brisbane core port land – environmentally relevant activity (ERA)
- Ports – Brisbane core port land – tidal works or work in a coastal management district
- Ports – Brisbane core port land – hazardous chemical facility
- Ports – Brisbane core port land – taking or interfering with water
- Ports – Brisbane core port land – referable dams
- Ports – Brisbane core port land – fisheries
- Ports – Land within Port of Brisbane's port limits (*below high-water mark*)
- SEQ development area
- SEQ regional landscape and rural production area or SEQ rural living area – tourist activity or sport and recreation activity
- SEQ regional landscape and rural production area or SEQ rural living area – community activity
- SEQ regional landscape and rural production area or SEQ rural living area – indoor recreation
- SEQ regional landscape and rural production area or SEQ rural living area – urban activity
- SEQ regional landscape and rural production area or SEQ rural living area – combined use
- SEQ northern inter-urban break – tourist activity or sport and recreation activity

Queensland  
Government

- SEQ northern inter-urban break – community activity
- SEQ northern inter-urban break – indoor recreation
- SEQ northern inter-urban break – urban activity
- SEQ northern inter-urban break – combined use
- Tidal works or works in a coastal management district
- Reconfiguring a lot in a coastal management district or for a canal
- Erosion prone area in a coastal management district
- Urban design
- Water-related development – taking or interfering with water
- Water-related development – removing quarry material (*from a watercourse or lake*)
- Water-related development – referable dams
- Water-related development – levees (*category 3 levees only*)
- Wetland protection area

**Matters requiring referral to the local government:**

- Airport land
- Environmentally relevant activities (ERA) (*only if the ERA has been devolved to local government*)
- Heritage places – Local heritage places

**Matters requiring referral to the Chief Executive of the distribution entity or transmission entity:**

- Infrastructure-related referrals – Electricity infrastructure

**Matters requiring referral to:**

- The **Chief Executive of the holder of the licence**, if not an individual
- The **holder of the licence**, if the holder of the licence is an individual
- Infrastructure-related referrals – Oil and gas infrastructure

**Matters requiring referral to the Brisbane City Council:**

- Ports – Brisbane core port land

**Matters requiring referral to the Minister responsible for administering the Transport Infrastructure Act 1994:**

- Ports – Brisbane core port land (*where inconsistent with the Brisbane port LUP for transport reasons*)
- Ports – Strategic port land

**Matters requiring referral to the relevant port operator, if applicant is not port operator:**

- Ports – Land within Port of Brisbane's port limits (*below high-water mark*)

**Matters requiring referral to the Chief Executive of the relevant port authority:**

- Ports – Land within limits of another port (*below high-water mark*)

**Matters requiring referral to the Gold Coast Waterways Authority:**

- Tidal works or work in a coastal management district (*in Gold Coast waters*)

**Matters requiring referral to the Queensland Fire and Emergency Service:**

- Tidal works or work in a coastal management district (*involving a marina (more than six vessel berths)*)

**18) Has any referral agency provided a referral response for this development application?**

- Yes – referral response(s) received and listed below are attached to this development application
- No

Referral requirement	Referral agency	Date of referral response

Identify and describe any changes made to the proposed development application that was the subject of the referral response and this development application, or include details in a schedule to this development application (*if applicable*).

## PART 6 – INFORMATION REQUEST

### 19) Information request under the DA Rules

- I agree to receive an information request if determined necessary for this development application  
 I do not agree to accept an information request for this development application

**Note:** By not agreeing to accept an information request I, the applicant, acknowledge:

- that this development application will be assessed and decided based on the information provided when making this development application and the assessment manager and any referral agencies relevant to the development application are not obligated under the DA Rules to accept any additional information provided by the applicant for the development application unless agreed to by the relevant parties
- Part 3 under Chapter 1 of the DA Rules will still apply if the application is an application listed under section 11.3 of the DA Rules or
- Part 2 under Chapter 2 of the DA Rules will still apply if the application is for state facilitated development

Further advice about information requests is contained in the [DA Forms Guide](#).

## PART 7 – FURTHER DETAILS

### 20) Are there any associated development applications or current approvals? (e.g. a preliminary approval)

- Yes – provide details below or include details in a schedule to this development application  
 No
